Launch Status

✓ Your instances are now launching
The following instance launches have been initiated: i-03151d5c74c30423b View launch log

1 Get notified of estimated charges

Create billling elerts to get an email notification when estimated charges on your AWS bill exceed an amount you define (for example, if you exceed the free usage tier).

How to connect to your instances

Your instances are launching, and it may take a few minutes until they are in the running state, when they will be ready for you to use. Usage hours on your new instances will start immediately and continue to accrue until you stop or terminate your instances.

Click View Instances to monitor your instances' status. Once your instances are in the running state, you can connect to them from the Instances screen. Find out how to connect to your instances.

- ▼ Here are some helpful resources to get you started
- How to connect to your Linux instance
- Amazon EC2: User Guide
- · Learn about AWS Free Usage Tier
- Amazon EC2: Discussion Forum

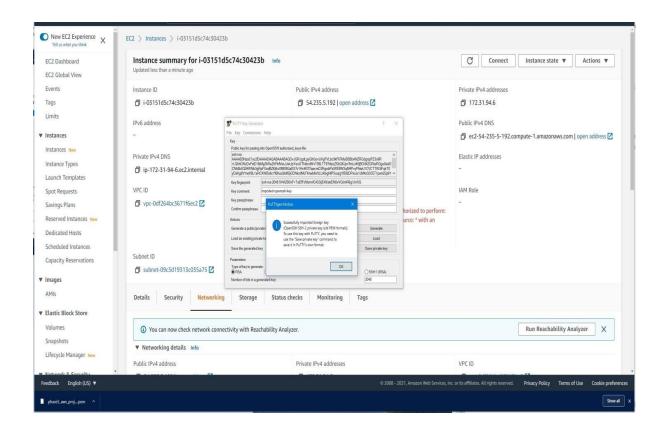

While your instances are launching you can also

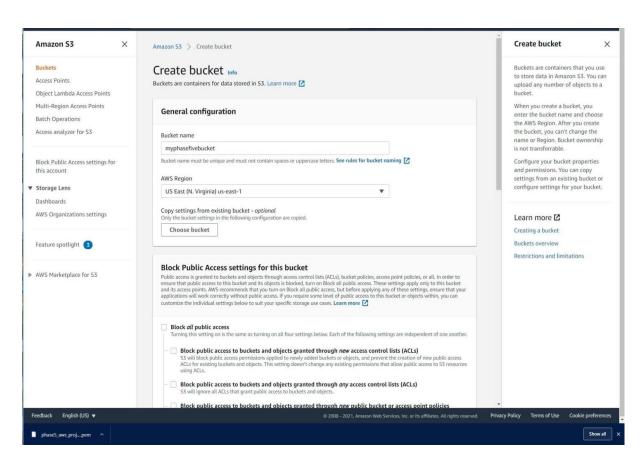

- Create status check alarms to be notified when these instances fail status checks. (Additional charges may apply)
- Create and attach additional EBS volumes (Additional charges may apply)
- Manage security groups
